Gerovital Plant FORTE

Gerovital Plant FORTE

In the **Gerovital Plant FORTE** line we have combined the ancient secrets of nature with modern scientific research in delicate but effective formulations, to deliver deep and lasting effects on all types of skin.

This is what **FORTE** means to you, the powerful delivery of nature's own ways of skin regeneration. The line was created by a harmonious fusion of the "wisdom" of nature with the latest discoveries in the field of cosmetic research. The **Gerovital Plant FORTE** products are **fragrance free, contain no alcohol or coloring agents**, and are rich (over 90%) in natural ingredients; the perfect balance between **natural plant extracts** (Cucumber, St. John's Wort, Linden, Hawthorn, Thyme, Nettle, Ivy and Horsetail), **tropical oils** (Jojoba, Avocado), **vitamins** (A, C, E, F, B5) and **the last generation of active ingredients** (Phytoceramides, AHA fruity acids, Collagen, Elastin and Sodium Hyaluronate), naturally control the effects of time by acting to restore the skin's hydration mechanism, firmness, tone and freshness.

The constant use of **Gerovital Plant FORTE** products acts on signs caused by time; it is the essential cosmetic routine that will help preserve the beauty and health of your skin.

Through the FORTE products and skin care protocols established by our beauty specialists, you can experience:

- *Personalized treatments* - adapted to the needs of each skin type
- *Continuous care* - the products act both upon both the causes and the effects of skin aging
- *Natural active principles* - native flora and exotic plants
- *Light texture* - fully absorbed by the skin
- *Immediate effects* - an immediate feeling of vitality as well as profound and long lasting actions
- *Peace of mind* - all products are dermatologically tested.

The line's complexity is not reflected only by means of the active ingredients, but also by the caring protocols, specific *for all skin types - normal, dry and oily*.
